

John Bolling

OBITUARY

It is with heavy hearts that we share the passing of our cherished brother, John Bolling. He left us in October 2023, at his home, at age 67. John's life began in Manhattan Beach and continued in other beautiful places such as Hawaii, Santa Monica, Palos Verdes, Goleta, and Sweden, before he settled in Palm Springs in his later years. An All-American in both swimming and water polo during his high school years at Mira Costa, graduating in 1974, he carried his passion for water sports into his college days at UCSB where he majored in Business/Economics, graduating Magna Cum Laude in 1979. His academic journey continued at the New York College of Insurance, Los Angeles Campus, where he was celebrated as the most outstanding student. His career path was diverse, from safeguarding lives as an L.A. County Lifeguard to navigating of real estate, insurance, and eventually, founding Bolling Appraisals. Beyond the accolades he loved the outdoors and found peace in the thrill of a hike. His wanderlust spirit took him traveling many countries, his favorites being Sweden and Spain. He accomplished his bucket list and visited all fifty States in the U.S.A. His being was a blend of warmth, sensitivity, and kindness, evident in the countless thank-you notes he cherished, a testament to his generous spirit. Birthdays were never forgotten, his gift choices were always impeccable, a reflection of his attentive nature. John leaves behind a legacy of love and memories with his siblings: Brian Bolling [and wife Esther], Ruth Bolling Davies, Roy Bolling [and long-time girlfriend Monique Waite], Jean Bolling, and a circle of friends that extends beyond measure. His parents, Erik and Evelyn Bolling, predeceased him, but his memory will continue to be a beacon for his family, including his many first cousins across Missouri, Minnesota, and Ohio as well as distant cousins in Scandinavia.
